Little Dene offers a family house and cottage on an old established spacious garden (five hectares) with lovely garden areas and an orchard with mossy apple trees, pear trees and plums. The grounds are flat, and comfortable for walking. A rose garden delights in the flowering season.

There is a small wooded area with mossy paths that wind amongst rhododendrons, silver-birches, camellias and azaleas; an oak-walk with a splendid chestnut tree, alongside a newly established indigenous patch with proteas, keurbooms, mountain cabbage trees, and red-hot pokers, and some fynbos. Lemon trees always have fruit, and some herbs are available from the garden.

The garden is dog-friendly, as long as the gate is kept closed.

Little Dene is in easy walking distance of tourist attractions such as the Eco-shrine (just across the road), the Edge labyrinth walk, tea-room and restaurant, and the Mirrors Garden and Gallery.
